KIND WORDS

Kate and her team at Juniper were amazing to work with from initial contact to even beyond the wedding. They took the time to really understand my vision for the wedding day and make it easy to select all my decor and bouquets. They did such a fantastic job on the day of setting up the venue and personally delivering the bridal bouquets. I could not have asked for more or envisioned a more gorgeous set up! Everything was exactly as I had hoped for and matched the inspiration photos I had sent to the team. I would absolutely recommend Juniper Floral Studio!

I hired Juniper Floral Studio for my son's wedding based on their reviews, and we certainly weren't disappointed! In fact, we couldn't have been more delighted! The Juniper team went out of their way to work with my daughter-in-law and I on the vintage theme she wanted and our floral budget. They incorporated our lovely old milk glass vases for the center pieces, designed memorable floral aisle markers, and a lovely head table floral swag. The floral arch they designed for the ceremony was absolutely spectacular! Our guests loved the arch so much, that they were frequently seen using it as a background for their own photos! The bride's bouquet, those of her attendants, the men's boutineers and the mother's corsages were also just a little different and really lovely. We couldn't have asked for a better wedding supplier!

Kate and the team at Juniper Floral Studio went above and beyond bringing our wedding day vision to life! They fully embraced my desire to choose flowers based on the Victorian language of flowers and designed truly stunning bouquets and a rrangements - all with flowers that held special meaning. The colours were exactly what I envisioned and the hand dyed ribbon really elevated the bouquets. On top of that Kate was an absolute delight through the entire process - I highly recommend booking Juniper Floral Studio for your wedding or event!
